SHARING COMMUNITY NEWS

## PREPARING NEW VILLA DOCUMENTS

**Stephanie Braunstein**

On May 28, 2019, a Villas Board meeting was held to discuss having an attorney rewrite and update the Villas' documents: the Declarations, the Articles of Incorporation, and the Bylaws. At that time, and after much discussion from the audience, a motion was passed by the Villas Board to hire the firm of Jennings & Valancy, P.A.

Recently the Villas Board has received a first draft of the rewrite and will soon be going over the documents to see if they meet with our approval. After completing this review and eventually coming up with a version that the Villas Board deems appropriate, a meeting will be called to present that version to the Villas community. After that, a vote will be taken by the Villas community to accept the new and amended version as the official version of record.

For any questions on the process, contact **STEPHANIE BRAUNSTEIN** at 225-276-6454 or [sbraunst@gmail.com](mailto:sbraunst@gmail.com).

- ◇ We sadly report the passing of long-time resident, **ALLEN COOPER**, husband of **ILYNE**. ## FROM THE MASTER BOARD

**Lois Wiesler**

Yes, those dumpsters in the villas section near the clubhouse are paid for by those owners as part of their maintenance. With that in mind, we request that residents not living in that section please use the dumpster at the back of the theater (it is straight back in the small parking lot). We know that some residents may have the need to drop garbage off if they're going home at the end of season, or going away for vacation. It is not for bulk garbage which should still be put out on Thursday evenings or Friday mornings, nor for recycling, nor for contractor debris. We know that this dumpster is more likely to be filled after events in the Theater but is picked up twice a week – Tuesday and Friday. For now, we will be monitoring its use and decide during "season" if we need

to add another, or larger dumpster for community use. There is no lighting in that section so please use it during daylight hours. We will consider if lighting needs to be added.

In addition, your Master board is hard at work on many projects.

The Reserve Study proposal has been approved and will be used for budgeting as we go forward. Budgeting for 2020 will begin shortly. If the reserve study is complete in time we will use it towards budgeting.

The board and our committees are also at work on negotiating a new cable contract (possibly with internet included) as well as a new set of Documents including Declarations, Amendments and By-Laws. The consideration for redoing our roads is also on the front burner – it is a most complex project and cannot be done

hastily. City planners, engineers and road companies have all been working with us. More info to follow on all these projects.

Additions to last month's column – the rule about parking on the even side of the street applies only to the streets that have Homes on them. In the Villas sections with parking lots, guest spots are painted yellow and say "GUEST." In the Tennis Villas section guests park along the grass during daylight hours. In no cases are any vehicles allowed on the street overnight.

### Rules Reminder

- ◇ No Parking on the street overnight.
- ◇ Parking in designated places for Villas.
- ◇ Parking on even side of street for Homes

## FROM THE HOMES BOARD

**Karen Clouser**

Joe and I wish to thank all of you who either sent in a proxy or came out to vote at the July 9<sup>th</sup> election to fill the vacant place on the board. We met our quorum and had 62 actual ballots cast and 146 proxies. We appreciate your involvement in making this a success. We had 3 candidates who put their name forward. They were **RHONA CAMPTON, SHELLEY GLASS** and **IRV TABAAC**. Our new Secretary/Treasurer is **RHONA CAMPTON**. We could not have done this without all of you voicing your opinions by voting!

Kudos to **KAREN WELLS** and her Election Team for doing such an outstanding job on the election.

How can you help us help you with the maintenance of your home? Walk around your house once a month looking at your stucco. If you see some new cracks that you have never seen before, take a picture. Next month see if it is getting deeper and / or longer, put a work order in to have it checked and call **JOE ZOOB**. If you have a fence, check that as well for rot on the bottom. Look at your roof to see if it is lying flat and that there are no edges that are curling. And most of all, check your shrubs and trees to make sure that they are not pressing against your home. Remember they need to be 18 inches away from your home. Shrubs and trees are your responsibility to check. If there is a problem, report it. Since we have had so much rain everything is growing quickly, therefore it is important to keep

things away from your home so you can protect it!

We are still looking for more people to mail in their ballots regarding the change from 2/3 to 50% plus 1 so we can get things passed faster and take advantage of the changes in Statute 720. The second part of the ballot was to pass the Statute 720 change which allows us to collect all the money due from delinquent residents upon the sale of their home.

Make sure your home is hurricane safe. Have a plan to get your outdoor things inside, your supplies of water for 3 days per person, medications, food, flashlights and batteries, etc., on hand. Make use of the list that has been sent out earlier thanks to **HELEN SOHNE**.

## Rainberry Bay Classics

# TO RUSSIA FOR BORIS

**Michael and Sandra Cantwell**

Rainberry Bay Classics is planning a trip to Russia in early August, with a screening of Modest Mussorgsky majestic setting of the rise and fall of the medieval tsar Boris Godunov, based on a play written by Alexander Pushkin, widely considered the founder of modern Russian literature.

Next up will be a program featuring Gustav Mahler's greatest work, *Das Lied von der Erde* (The Song of the Earth), coupled with Beethoven's greatest work (and what the musicologist Sir Donald Tovey called "The most sublime piece of music ever written"). The Ninth Symphony. *Das Lied* consists of orchestral songs based on Eighth Century Chinese poems. The music is absolutely stunning even if the texts are somewhat somber (Mahler initially hesitated to put the piece before the public, reputedly asking, "Won't people go home and shoot themselves?") That's why it will be coupled with The Ninth, which closes with Beethoven's setting of Schiller's Ode to Joy.

We've shown Mozart's *Così* before, but never in an "original instrument" version, and this one is definitely worth seeing.

Finally, Charles Gounod's setting of Goethe's *Faust* is heard less frequently these days but has some lovely music to go with the timeless tale of man tempted by the Devil.

## SUMMER BOOK CLUB

**Karen April**

Our summer book discussion group has been interesting, entertaining, and filled with stimulating conversation and observations. So far this summer we have had a diverse set of literature from the non-fiction, **The Library Book**, about the fire at the Los Angeles Library in 1986 to the humorous **Best State Ever** by South Florida's Dave Barry. In July we discussed the fairy tale of warning, **Animal Farm**. I want to thank our amazing facilitators **ANDREA BARON** and **LAWRENCE JOHNSON** for sharing their knowledge and interpretations of these books.

We are looking forward to gathering on August 1 at 1:30 to discuss **The Unlikely Pilgrimage of Harold Fry** and have just added for September 5 at 1:30, **The Only Woman in the Room**.

We hope you think of joining us.

# MEET YOUR NEIGHBOR: . . . ARNOLD WELBER

Phyllis Gordon Berke

Arnold is a child of the 1929 depression, a World War II veteran, a husband, a father, a grandfather and a widower.

In high school, Arnold was the editor of his school newspaper. He has written and told many stories about his life experiences, like this one: After a naval battle in the 1940's, while serving in the South Pacific off the Japanese coast, he and his buddies rescued a drowning dog. They named him Kimo and against regulations, kept him as a pet. Over the years Arnold belonged to many writing groups and had regularly contributed autobiographical sketches to many publications including our own Beacon. He had been a member of CERT, the Drama Club and the Table Tennis Club where he was one of the better players. Arnold exercises in our fitness room every day and still drives his car.

For the first seven years of his life, Arnold was raised in the Bronx. In the 1930's both of his parents worked full-time. Arnold was alone all day. His father's sister and her husband were childless. His father arranged for Arnold to live with them in Philadelphia. Although his aunt was like an angel to him, it was very disorienting at first. His father had told him that it would be for just a few months, but it actually lasted seven years. His aunt and uncle lived in a residential neighborhood of single-family homes with lots of space around them. He came to love it there. When his father picked him up to take him home seven years later it was another wrench. His father enrolled him in a trade school rather than on a path toward college as Arnold had anticipated. When he was a teenager he worked after school to help pay the rent.

At the age of 18, rather than waiting to get drafted into the army, Arnold enlisted in the navy. He was permanently assigned to a minesweeper which traveled around the Philippine Islands, Okinawa and west of Japan in preparation for an invasion. The ship was built of wood rather than metal because magnetic forces would set off mines. Arnold laughed when he said he

joined the navy to avoid the dangers of army duty. It turned out that he was on one of the most dangerous missions of the war. The seas around his destinations were laced with mines. His ship would send out cables with electric pulses. These cables detonated mines at some distance from his ship. Arnold served as a wheel man on the ship. The captain stood in a cabin above Arnold's deck and would order him to steer according to his command.

While Arnold was minesweeping in the South Pacific, the sailors heard a news story on the radio that the United States dropped an atomic bomb on Hiroshima. Everyone on the ship asked, "What's an atom bomb? Are they dropping atoms on people?" A few months later his shipmates were allowed to visit Hiroshima. The city was a shambles. Emperor Hirohito advised the Japanese citizens that the United States was a conquering country and should be respected. The people were starving. There was no food or fuel. Japan was bankrupt. For his service in the Pacific area, Arnold was awarded three medals;- the American Theater Medal, the Asiatic Pacific Medal with One Battle Star and the Occupation of the Philippines Victory Medal.

After the atomic bomb was dropped, his ship was stationed off Okinawa. There was a deadly typhoon storm which destroyed many ships and lost hundreds of men at sea. His ship was saved because it entered an inlet where it became grounded.

They were rescued by a naval operations ship. He sure was lucky.

When he returned to civilian life, Arnold worked as a furrier and then was a sales representative for men's wear manufacturers and covered a three state area. He first met his wife, Helen, at his best friend's wedding. She was his friend's sister. They dated for four months before they married. They raised three children, a girl and two boys, in Livingston, New Jersey in a four bedroom house so that each child could have his/her own bedroom. Helen, who passed away two years ago, was a volunteer in our Rainberry Bay library. They were married fifty-nine years and chose to move here twenty-eight years ago on the recommendation of friends.

Nowadays Arnold is an active member of our Thursday morning Current Events Discussion Group. He has a quirky sense of humor which adds some comic relief to the more somber news issues of the day. I found him to be thoughtful and caring as I interviewed him for this article. Ladies, don't be put off by his provocative façade, which may be hiding an insecure side of his nature. As a young man he was movie star handsome and a genuine war hero. Arnold, we thank you for your service.

# ELECTION COMMITTEE NEWS

Karen Wells

As the chair of the special election committee, I want to thank all of the residents who participated in the election July 9th. Without your help, we could not have done it. And thank you, especially, to the hastily assembled, and highly competent, group of registrars and counters who helped facilitate this election. Thanks to Registrars **BARBARA GOLDBERG, SUSAN JONES, DIANE KLUSNER, JEAN ELLEN KING, ROSE MACKINNON** and **FRANCESCA PULERA** for signing people in and providing ballots. In addition, they accepted any proxies that were brought in. Our counters for actual ballots were: **DOTTIE & MARTY BLACKMAN, JUDITH COHEN, ARLENE KOPELOFF, CHAR LANE, PAULA LIEBERMAN** and **BARBARA SHAW**. All proxies were then counted and attached to the

The proxy format was suggested by the lawyers and management as the most efficient and least costly way to provide an opportunity for every Homes Association owner to participate. We apologize for any confusion this caused you.

Prior to election night, we had 130 proxies turned into the office. Of these, only three proxies were voided because the named voter did not appear at the election to cast a ballot. All other proxies were either brought in by the assigned voter or delivered to a registrar.

Voting was held open until 7:10 PM with no voters turned away, including the two people who came in after 7:45 PM. One person refused to vote because we requested names and addresses on the ballot.

The 62 valid ballots of the people who came to the meeting (the popular vote) were tallied first. **RHONA CAMPTON** was the winner from the ballots cast. Then the proxies were stapled to the named voter, counted individually and totaled.

A proxy gives authority to an actual voter to cast their vote under their name. Thus, the president of the board was the same as any other homes resident. The vote he cast for a single candidate counted for his proxies, just as proxies for Shelley Glass were cast for whomever Shelley voted, the proxies for Rhona Campton were cast for whomever Rhona voted, or those for Dave Kulick were cast for whomever Dave voted. There was no "cronyism" as alleged in a recent Raindrops. Thanks go to **SHELLEY GLASS** and **IRV TABAAC** for running and congratulations to our new Secretary / Treasurer, **RHONA CAMPTON**.

Actual counts are available in the management office for anyone's perusal.

## What Homeowners Should Expect from Their HOAs\*

Upon joining an HOA's membership, homeowners should expect a certain quality of treatment from their association. These expectations are based on rights established in the law, or on basic standards of decency and respect.

- Homeowners deserve a reasonable opportunity to vote in important elections or to appoint another to vote on their behalf.
- Homeowners deserve to be informed of their voting eligibility if they do not qualify to vote per the governing documents *before* a vote is held.
- Homeowners deserve a response to an inquiry, unless of course the inquiry is ludicrous or threatening, or the demand(s) are intended to harass.
- Homeowners should expect that HOA financial and other records will be kept in a routine manner for reasonably easy access.
- Homeowners should expect disclosure procedures which ensure easy access to most documents within a reasonable time and without unreasonable restrictions.
- Homeowners should get a timely notice and a fair opportunity to be heard if the HOA intends to take disciplinary action against them.
- Homeowners deserve consistent treatment in enforcement of rules and regulations.

*Happy Summer!*

### Annual Collection Updates:

#### DB FIRE AND RESCUE:

I am happy to advise that I have met with the Delray Beach Fire and Rescue Department's newly appointed Chief Robert Hoercherl and have presented him with our donation of \$2,000.

On behalf of the DB Fire department, Chief Hoercherl expressed sincere appreciation of our donation as we are the only DB community to do so. Chief Hoercherl has ideas of how the funds will be utilized and will be advising me of the exact decision very soon.

#### DB POLICE:

I continue to follow up with my contact who is working with new top DB Police management and I expect to be advised soon of the status of how our donation will be utilized.

#### NEW RESIDENTS:

A few months after you close on your residence in Rainberry Bay, the Block Captains Welcome Team- **SUSAN JONES, KAREN APRIL AND NANCY EFFRAIN**- will contact you to set up a time to meet.

Please take advantage of this opportunity to learn all about Rainberry Bay. Don't miss out on the wealth of information they will share with you.

Thank you.

## Do You Love to Sing?

Phyllis Berke

I have an untrained voice, but I love to sing. Whenever I find myself in a sing-along situation I am so happy. I let myself go and have a good time. It will be my pleasure to organize a sing-along here in Rainberry Bay if I find a few kindred spirits.

Let me know if you're interested in such a group. I'm planning on scheduling it on a week day evening, maybe Monday or Tuesday, at 7 p.m.

What do you think? Please call me at 865-5948.

## SUMMER IN THE LIBRARY

### Andrea Baron

We see many folks in the library looking for a good summer read or movie. So here are a few interesting ones that will be coming in August and September.

I don't know about you, but I'm sick of seeing movies and TV that belittle the contributions of older people. That's why "The Last Resort" is such a pleasant surprise. The movie is a very interesting social history of Miami Beach in the 50s and 60s. The story is told from the viewpoint of two young photographers who document the social and political impact of retired people moving to Miami Beach, with great images. Many were Holocaust survivors, refugees, and people who made important contributions during their working lives in Northern cities. The film shows the community that developed and the value that it had for the retirees and the city.

Another new DVD coming in September is "The Long Shot," a comedy with Seth Rogen, which also has a timely vibe, as it mixes politics and romance.

In August, look for The City of Girls, the new book by Elizabeth Gilbert, bestselling author of Eat, Pray, Love, which reviewers describe as "a delicious novel of glamour, sex, and adventure." Sounds like the perfect beach/pool read. Another great summer read is Dear Mrs. Bird, by AJ Pearce. Set in London during WWII, it's the journey of a young woman setting out to be a war correspondent, who ends up as a secret advice columnist. It's been called hilarious and heartwarming, with terrific female characters. We'll also have The Mueller Report, published in full, for those of you who want to read it in its entirety.

So, whether you choose to read at the beach, a pool, or an air conditioned room, have a great summer.

### Char Lane

Our goal is to educate the community about ways to participate in recycling, reusing and reducing waste by suggesting how to rethink our habits. We accomplish this by holding educational meetings (*including speakers as available*), providing recycling & waste management information to the community, reviewing community recycling and garbage needs, hosting an annual shredding event and hazardous waste collections.

Our 2019-20 meeting schedule is in a separate box in this Beacon. Please clip & save the dates and plan to join us. We're always looking for new members and fresh ideas to help improve the environment. This and other information is also on the Rainberry website and will be in future Beacons and weekly emails.

We have a cart in the clubhouse snack room to collect empty pill bottles with lids (*Tri-County Animal Rescue*), old mascara wands (wildlife clean-up), corks (recycling & projects) and eyeglasses (reuse) and appreciate all your "donations."

Old / expired medicines, pills, lotions and ointments can be

disposed at the Walgreens (NW corner Military and Woolbright) or 6458 Linton (SE corner Linton & Jog), DRB Police Station (300 W Atlantic) or PBSO (14925 Cumberland.) Please put them in a Ziploc bag for disposal and keep the empty bottles (with lids) for our collection cart in the clubhouse snack room.

We're looking forward to planning some fun and interesting activities, excursions and presentations for the community during the 2019-20 season.

And please remember that there should be no plastic bags or Styrofoam in the recycle bins.

**RETHINK** how you can reduce your environmental footprint.

**REDUCE** the amount you waste by using less.

**REUSE** items in good condition by donating, sharing or repurposing.

**RECYCLE** all acceptable items in the blue or yellow bins.

**GREEN COMMITTEE MEETINGS** are the first Wednesday of the month (except in January 2020) at 4 PM in the Arts & Crafts room of the clubhouse.

# RB ORCHID PROJECT

## Sandy Wasserman

Our goal of beautifying our community and enhancing the property values of our homes by filling our trees with beautiful blooming orchids, is in full swing thanks to the generous contributions and the cooperation of our friends and neighbors here in Rainberry Bay.

We have been able to mount a couple hundred orchid plants both on trees in public places (the Club House and gate entrance) and on the trees of private homes. On behalf of this project, we have been able to contract with a local orchid nursery/grower for healthy mature plants at wholesale prices far, far, far below what you would expect to pay at retail. This project is not-for-profit and our hope is that this endeavor will add to the many programs that are now in process to make our community the Paradise that we all want to live in.

If you would like to have orchids mounted to your trees, beautifying and adding value to your property, call **SANDY WASSERMAN** (954-397-3165) and add your home to our list. Your cost is only \$5.00 per orchid, and of that amount, \$2.00 will be credited toward purchasing and mounting additional orchid plants on public trees here in our community.

# HURRICANE EDUCATION

*Dedicated to helping you to help yourself*

**Helen Sohne**

The good news is that we do not live in an evacuation area. The bad news is that the need to evacuate can change depending on the size and location of a hurricane.

If you could not survive on your own without electricity, consider going to a shelter. If you have medical needs that require supervision, physical assistance or electricity, consider a special needs shelter. However, if the idea of leaving your home and sleeping in a shelter is not appealing, know how to prepare for and be safe during and after a damaging storm.

During hurricane season be sure to have sufficient food and water for at least three days, medications, a flashlight, batteries, cash, and first aid supplies. Don't forget the needs of your pets!

Keep important documents in a safe place or create password-protected digital copies. Protect your property. Declutter drains and gutters. Consider hurricane shutters and review insurance policies.

If you are sheltering in place, the safest location in your home during a hurricane is a small, interior, windowless room in a sturdy building on the lowest level that is not subject to flooding.

For additional information on shelters, how to prepare in the days and hours leading up to the arrival of a hurricane, as well as how to be safe during and after a hurricane, please attend our presentations on either or both of these Tuesdays: August 6th and September 17th at 12:30 PM in the Men's Card Room.

Rainberry Bay has a small but top-notch, well-trained C.E.R.T. group in place. These volunteers have devoted several weeks taking the training offered by the Delray Beach Fire Department. They know what to do in a hurricane. We have leaders for our various areas in Rainberry to do the actual Search and Rescue and qualified medical staff should we need them.

But we also need your help and cooperation during our increasingly busy storm seasons. If you are here during the next storm, don't just wander aimlessly through the community after the all clear is given. Help your CERT team do precursory checks to see what in the community needs professional help. DO NOT try to do a

search on your own and create a potential situation. Report to a CERT member so the clean-up can be more methodical. If you are out of the community, do not call on a CERT person to report back to you about the condition of your home. Be sure you are prepared with water and other things that the Hurricane Education suggests.

Coming to our CERT meetings would be very helpful to you. You don't need to take the CERT course to provide assistance. There are places for everyone to participate. If you can't walk, take a sit-down job with our communications group. You don't need to saw down branches but you can observe and report areas that require someone with these skills. You know your friends and neighbors better than any CERT member does so you can check on them and report it to a CERT person.

As we have learned from previous storms, it does take a community to keep us safe.

## Rainberry Trash and Recycling Rules

Garbage and recycling materials are picked up from 6 AM to 6 PM on Tuesdays.

Garbage and bulk items are picked up from 6 AM to 6 PM on Fridays.

Materials should not be put out before 4 PM on the day before a scheduled collection & should be put out by 6 AM on a scheduled collection day.

Emptied bins should be brought back inside by 11 PM on the day of collection.

If discarding furniture or other usable items, consider contacting a local charity to pick up your items before putting them curbside.

**Recycle - Reuse - Reduce - Rethink**

## What Can I Do with An Old Flag?

★ Old U.S. flags can be taken to SWA's Home Chemical & Recycling Centers for proper, honorable disposal.

★ The nearest SWA to Rainberry is on 4th St. just south of Linton between 95 & Dixie.

★ If a flag is torn, it can be repaired.

★ If the flag is faded or damaged or dirty beyond repair or cleaning, it's time to replace it. Many veterans organizations (the American Legion & VFW) collect unusable flags and do special ceremonies to dispose of them.

# REUSE, REPURPOSE . . .

Lois Wiesler

Silicone is an extremely versatile material, and these days it is used to make a large variety of items. Have you tried using silicone molds? They come in a hundred different shapes, sizes, and styles, with so many ways to use them. Why limit their use to cupcakes or mini-meatloaves?

## Lunch/Snack Tray

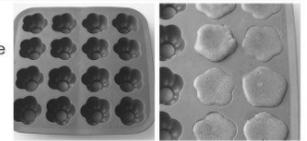

Want a smorgasbord for lunch? Silicone molds are perfect for serving up a snack-style lunch. Fill each cavity in your silicone mold with things like nuts, grapes, cubes of cheese, cured meats, pretzels, etc.

## Enjoy your Food Prep

Prepping all of your ingredients before you start cooking can make the process much easier. Instead of putting those ingredients in separate bowls, use a silicone mold! Then you'll only have one extra item to clean up after dinner.

Pour the mixture into a silicon mold.

## Freeze Leftover Ingredients

You know when you buy ingredients for a recipe and have leftovers? Often those ingredients get put in the fridge, forgotten about, then thrown away. For most, just put them in the mold, add water and freeze. (Add chicken or veggie broth for extra flavor if you'll use them in a soup or stew.)

Use leftover fruit, or fruit that is overripe, in the mold, add water and freeze for use in water or soda for an extra zing. You can also freeze leftover coffee, cucumber water, or herbal tea.

## Corral Small Items

If you have small items in a drawer, separate them in a silicone mold. The tacky silicone will stay put inside the drawer, and you can use the cavities to keep small items organized.

## Make a Compound Butter

Here's a way to use herbs that might otherwise be wasted.

Finely chop 3 to 4 tablespoons of fresh herbs,  
Add 1 clove of garlic if you choose.  
Mix into 1 stick of room-temperature unsalted butter with 1 tsp of lemon juice and a pinch of salt, stirring until combined.  
Freeze in the mold, good for up to 3 months.  
Add to any recipe that could use a touch of fresh herb flavor.

# Keeping Us Involved

## 21ST CENTURY CLUB

Mike Klein

Reporting that our July 4th pool party was a great success. 150 Rainberry folks enjoyed a wonderful bbq, splashed in the pool, and danced to the sounds of Dr. DJ playing hits from the 60's to the 90's. An abundance of food and a great time was had by all.

Our next event will be a Labor Day Bash to be held on Saturday August 31st from 8-11 PM in the theater. We will be hosting The Rod Stewart Show featuring "HOT ROD." Tickets are \$15 and will include desserts. Our cash raffle was such a success at our pool party, we are including it in our Labor Day bash as well as at our shows for 2020. Tickets will be available in the theater on Monday and Thursdays from 4-5 during the Entire Month of August. Raffle tickets will be available the night of the show at the door ONLY.

Also, don't make plans for New Year's Eve unless it's with us at the theater celebrating the new year with your friends, neighbors, and The Ed Band.

## BRIDGE CLUB

Here we are in another summer in South Florida—hot and humid, I can take, but less bridge? No so much! Even though your Rainberry Bay Bridge Club is on summer vacation, fortunately there are still duplicate games available pretty much every day; check the ACBL website for times and locations.

And the good news? We'll be back in full swing in a few short months, with our normal schedule of Monday evening games, Thursday afternoon games, Sunday parties and our annual gala celebration.

As always, guests are welcome at all events, we'll gladly find partners for you, instruction is available at all levels. Bridge is a game, and games are to have fun, so come September, come on out and have a good time with a great game! As always, call Club Manager Bob Sherburne at 561-414-5184 for more information.

# Keeping Us Active

## IT'S BREEZY AT THE BOCCE COURT

Diane Maxey

The temperature may say 90, but you can always “catch a breeze” or “shoot the breeze” at the bocce court. Now’s the perfect time to try out bocce! The Bocce Club welcomes all new players this summer to give the game a try (no dues required for the remainder of the year).

Although the Palm Beach County League doesn’t play in the summer, Rainberry’s Bocce Club participated in an intramural tournament for six weeks in May/June. Players enjoyed getting together for a little competitive play and the winning team pulled out the victory in the last game of the tournament. Congratulations to the Tonso team: **RON, DIANE, ROSE, CHARLIE**. Thanks to **BARRY NISSINOFF** for organizing this competition.

We are looking forward to an overhaul of the bocce courts later this summer and are grateful to the Rainberry Bay Masters Board for recognizing the need to rebuild the courts which have been decaying from termite infestation as well as many years of active use by residents. Thanks to the 30+ Club members who supported this at the June Board meeting and to **VITO TARRICONE** for working with management to accomplish this. When work begins, the two courts will be closed for approximately a month, but we will continue to get together to “shoot the breeze” or take up a new sport while we watch the progress on the courts.

The Bocce Club gets together five times a week: Wednesday, Saturday, Sunday @ 9:00 AM and Monday and Thursday @ 6:00 PM. Breeze by!

## PICKLEBALL

Steve Bodner

**Tuesday and Thursday  
evenings from 6-8,  
Wednesday and Sunday  
afternoons 4-6**

On Sunday, July 14, fourteen people showed up to play Pickleball in extreme heat at 4 PM. On the same day, in the cooler morning, there were five tennis players playing, including myself. There is no denying the fact that Pickleball is a growing sport nationwide, including here at Rainberry Bay.

By the time the snowbirds return, more people will have taken up the sport, new home buyers become aware of it and the Pickleball Club becomes a reality, those 4 courts will become extremely crowded.

The time is coming when we, as a community, will have to realize the type of amenity we are offering here. But there is a problem that has been going on for at least the 16 years that I have lived here—somebody, some thing, a mechanical issue, or whatever is denying those two courts proper watering. Athletic facilities need to be watered every day, regardless of rainfall. On courts 1-10, we put in a dedicated pump that had nothing to do with watering the lawns. This is what courts 11 & 12 need. We have some pumps in storage that are already paid for. We also go a bid from our irrigation company.

On July 12, our tennis maintenance company laid down 15 bags of Har-Tru. This is a waste if you cannot water and roll it so it can stick to the layer that is already there. If there is any wind, it will just blow away. Our Pickleball players deserve decent courts to play on. It is time we get a dedicated pump for courts 11 & 12.

## TABLE TENNIS CLUB

Helen Sohne

Whether you call it ping-pong or table tennis; it is a bona fide social trend. In 1988 ping-pong became an official sport in the Seoul summer Olympics. Today, the International Table Tennis Federation reports that some 300 million people play the game.

If you are looking to have some fun out of the sun and heat this summer, why not give it a try? We love newcomers. After all, we were all beginners once.

The club meets in the auditorium of our clubhouse on Monday and Wednesday from 12:00 PM to 2:00 PM and Friday from 10:00AM to 12:00 PM. Please remember to wear your sneakers, and if you have a paddle bring that too. We have extra paddles and balls for you to use.

Join us to play or to watch. We look forward to seeing you!

# BOWLING LEAGUE

Sandy Wasserman

Someone suggested that the Thursday Rainberry Bay Bowling League move from the AMF Boynton Beach Lanes to Strikes at Boca for the 2019/2020 bowling season. We carefully considered it and decided to remain at AMF

Boynton Beach Lanes because:

1. We have been bowling at AMF for more than the past 6 years, and we have built a strong relationship with them.
2. Their personnel are warm, friendly, supportive, and make us feel very comfortable.
3. They are very professional, and their facilities are top rate.
4. Each week they provide our bowlers with free coffee and beverages.

5. Each week, AMF allows league bowlers 2 free games and discounts on additional games at \$2 each.
6. AMF's location is an easy commute for us, while Strikes at Boca is both twice as far away with the added chance of enduring heavy rush-hour traffic congestion on I 95 and Military Trail.

The Rainberry Bay Bowling League season begins Thursday, September 12th. If you are a long-time Rainberry Bay resident or a newcomer, our bowling league is a great way to meet your neighbors and to make new friends. If you have any questions or an interest in joining us, please call **MARV WOLMER** at 561-243-0791. If you are a snowbird and want to join us when you come back in the fall, we will always have room for you.

Come join us in September for a fun afternoon with your friends and neighbors. Bowling begins at 3 PM, Thursday afternoon with practice starting at 2:30 PM.

## RANDOM THOUGHTS . . .

Char Lane

With the move away from plastic, stainless steel straws have become a good replacement option. You can check this out yourself:

<https://www.nytimes.com/2019/07/11/world/europe/metal-straws-death.html>

A woman died after she took a fall while holding a glass jar with a metal straw inserted through the lid. A freak accident. There have been warnings the past few days based on this incident. Perhaps silicone straws are a better option.

The Green Committee is getting a steady stream of corks, mascara wands and pill bottles in the collection cart in the snack room. Not many eyeglasses, but those have been fairly sporadic over the past few years.

We took a jaunt to Native Choice Nursery with Beautification Committee members, **EILEEN BLOCK & GAYLE GALLINAT** and **SANDY WASSERMAN**. We're continuing to encourage the use of native plants and saw some good options for the pots at pool 5. We're trying to finalize some plantings using natives at the tennis center that has been in the works for a while and also keep suggesting to **SANDY** that he consider using native orchids in his orchids-attached-to-trees project.

On another note, August 1 thru August 7 is Restaurant Week in Delray. Check out this link...

Tuesday, August 6 is the annual night out against crime

August 30 & 31 (Friday and Saturday) is the Shop Local Retailers Clearance in Delray.

If you're up north, Rainberry is currently pretty green thanks to a lot of rain lately. And this week has been really hot..

While out walking around the lake I saw a school of fish near the west end. There were about 15-20 8"-10" grayish fish. [There were also] hundreds of these small things that almost looked like baby tadpoles, but I'm not sure what they were.

We've also been tossing around the possibility of planting some native plants at various dead spots around the lake, but that will be a discussion for the fall and would be in conjunction with Beautification and landscape. Just a few random thoughts.
